THE CARTWRIGHT

Welcome Home To The Cartwright

The Cartwright is a floor plan that combines some of the best features of our other plans into one terrific package.

With a starting square footage of over 1,800 and available options such as a powder room and an amazing owner's suite, this plan has something to offer everyone.

The single level plan is pictured right. A large entry foyer opens up to a formal dining room or ahead to the spacious living room. An optional tray ceiling detail accentuates the bright and open space. ■

All dimensions are approximate. Floor plans are artist's conception and may vary slightly from precise and most current blue prints and specifications. Plans and elevations may show options not included in the base price. Details subject to change without notice.
