THE ABBOTT

Welcome Home to The Abbott

Compact without compromise is the perfect way to describe The Abbott.

While The Abbott is our smallest home plan, you don't have to sacrifice all of the terrific features Insight Homes is known for just to down-size.

You have all of the energy efficient features, plus all-wood cabinetry and granite in the kitchen, a hardwood foyer, super low-E windows and a host of terrific options to personalize your home to your tastes. ■

All dimensions are approximate. Floor plans are artist's conception and may vary slightly from precise and most current blue prints and specifications. Plans and elevations may show options not included in the base price. Details subject to change without notice.
